ONE SUN INC. HAS BEEN CONTRACTED TO DESIGN AND INSTALL A TOTAL OF 2.4 MEGWATTS OF SOLAR PV SYSTEMS ON 14 SCHOOL SITES IN SONOMA COUNTY, CA

One Sun Inc., a California-based solar energy provider, has been contracted to design and install 2.4 megawatts of solar panels on a range of ground mount sites, roofs and shade structures on 14 school campuses in the Sonoma Valley Unified School District and the Twin Hills Unified School District in Sonoma County, CA.. The installations will take place during the summer break and be completed for the Fall 2011 school term.
